Applying to Higher Education

The UCAS application process is well underway and students have been set and reminded of the following deadlines regularly. If you could please discuss, support and encourage your child in meeting them it would be appreciated, as it will allow me to ensure that they receive the greatest amount of my time and support in applying to their chosen universities. The following dates and information have been shared:

19th October: Personal Statements First Draft deadline; Hard copy to be handed to Mrs Henton.

Once these have been handed back, students are to seek support and guidance from their Head of House, or must arrange a suitable appointment with Mrs Henton in order to further develop their Personal Statements.

30th November: Personal Statement Final Draft deadline; to be submitted to Head of House.

7th January: UCAS Application School Deadline; students should have completed and submitted their application to allow for approval and sending by Mrs Henton.

15th January: UCAS application Deadline: students MUST have had their applications submitted and approved if they are to have their applications fully considered by their selected universities.

Please note that students have access to a variety of examples, video tutorials and helpful websites within their WBQ Google Classroom group.

STUDENT FINANCE TALK:

A guest speaker has been arranged to present on applying for student finance at 6pm on MONDAY 22nd OCTOBER. This will take place in the DRAMA STUDIO and is very useful for both students and parents, as it will outline how much each student is eligible to apply for, the application process and budgeting whilst at university.

Many thanks for the ongoing support, at what I'm sure is a 'high pressure' time in your child's academic career.

Mrs Henton (Former Head of Vlth Form).
