30 January 2018

Ref – Paper £10 note ceasing to be legal tender

Dear Customer,

We would like to remind you that the old paper £10 note will be withdrawn from circulation from 1st March 2018.

From this date the paper note will no longer be legal tender and should not be accepted as payment.

The Bank of England have recommended that to help remove the paper £10 note from circulation all old notes are 'banked' not dispensed out as change.

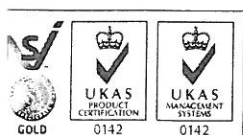

If your cash is processed by Loomis than we will no longer accept the paper £10 note for processing after this date.

For further information please visit - <https://www.thenewten.co.uk/>

Yours sincerely,

Stuart Tutt
